

Superfast Northamptonshire

Ian Achurch, Project Director
Northamptonshire County Council

Grange Park – 21 October 2013

Superfast Northamptonshire

Headline Targets - Infrastructure

- **90% of premises to have access to superfast broadband by Sept 2015**
- **All other premises to have access to a minimum of 2Mbps by Dec 2015**
- **All premises to have access to superfast broadband by 2017 with minimum access line speeds of 30Mbps**

Scope of the Northamptonshire Full Coverage Targets by 2017

Delivering Superfast Broadband

© 34,100
premises

© 53,100
premises

■ Commercial (existing & planned coverage by 2015)

■ BT/County Council contract by 2015 (BDUK supported)

■ Commissioning for the Final Deployment Area

© 228,650
premises

These are rounded figures and will be subject to change as deployments progress. This will impact on the 'final gap'

Position at March 2013

Northamptonshire
County Council

Superfast Northamptonshire

Expected deployment of superfast broadband by 2017

Purpose and Notices

This map shows an overview of the expected roll out of superfast broadband in Northamptonshire, including proposed commercial plans by 2015, and expected deployment up to 2017 in the current Superfast Northamptonshire Project intervention area. It is based on best known information at August 2013.

Expected deployment plans will be subject to change over the lifetime of the Project. Updates will be published.

** Some premises in the areas highlighted as being subject to survey in 2013 may come forward in later phases of the Project. Forecast dates are estimates only and are subject to change.

Phased 'go live' announcements will be made on the Project website.

Some premises within a locality may be served in a later phase of the Project. Indicative timescales shown are based on when the majority of premises in an area are expected to be served.

Further information on why deployment plans may change or why premises in the same locality may fall into different phases is available on the Project website's FAQ section (see www.superfastnorthamptonshire.net)

Stage 1: Partnership with BT

Procured under BDUK Framework

Contract signed in March 2013

Capital funding commitments to December 2015:

- £4.08m BDUK
- £4.08m Northamptonshire County Council
- £3.2m BT

Planning and surveys underway for Phase 1

Independent from BT's Commercial Roll Out

Stage 2: Next Generation Strategy

Next Generation Strategy (NGS) approach for remaining areas launched for consultation June 2013

- **Activity to run in parallel to Stage 1 i.e. we are not waiting until 2015**
- **Access to Finance (A2F) initiative launched in November**
- **Further resources to be secured**
- **Ongoing deployment activity towards 2017 target**
